UPFLOW CARTRIDGE FILTRATION by HARMSCO®

Betterfilters®

The original cartridge filter for swimming pools features the patented upflow design that makes Harmsco Betterfilters the safest swimming pool filter line in the world. Air cannot be trapped inside a Harmsco Betterfilter during operation. No need for tricky manual air relief during startup. No need to make provisions for wasteful backwash disposal. No moving parts, no complicated valves . . . just simple, efficient, safe, quality filtration.
